Got Rid of Her **Burning Feet**

Thanks to Husband's Kindness Callouses Also Peeled Right Off, and Soft Corns Faded Away!

"For many years the burning callouses on my feet and soft corns between my toes, nearly drove me crasy." says Mrs. Anna Beckman. "My housework was endless torture and I was compelled to wear shees much too large to get around at all. The terrible aches and pains almost ruined my nerves. In fact, I believe I aged ten years in the past year or two. Plasters, powders and medicated foet-baths did no good. But ons day, thanks to my husband's kindness, he brought home a box of Gypsy Foot Relief, a secret from the desert. The very first time I used it, the burning stopped. Three days later the callouses peeled 'My housework was endless torture days later the callouses peeled right off, leaving the skin soft and amooth, while the corns between my toes just seemed to fade away. The swelling went down and I can now wear shoes two sizes smaller than the ones I had to wear when my fact were in such awful shape. I really feel as if I had a pair of new feet, and I am telling all my friends and neighbors who have any foot troubles to use Gypsy Foot Relief." NOTE:—Gypsy Foot Relief, re-ferred to by Mrs. Beckman, can be applied in a minute, without funs or bother. Sure, quick relief comes three minutes later, or the makers give back the little it costs. In the ordinary course of merchandising today—in my estimation— there are three requirements absolutely necessary. First, to conduct a business suc-cessfully, it is essential to have suitable quarters; second, one must be thorough-iy in touch with every element of the business, and, third, a mercantile institu-tion, to be successful, must be a success.
